

HOLDS BRIDGE LAW IS OPTIONAL ON ALL EIGHTY-ROD BRIDGES

JUDGE HEARD HELD WITH OGLE
COUNTY ON THE LINE
BRIDGES ONLY.

APRIL TERM IS ADJOURNED

Jurist Disposes of Other Matters and
Concludes the Present Term
of Court.

A compromise decision was granted by Judge Heard in the circuit court this morning in making his ruling for the mandamus writ asked by the Ogle county board against the Lee county board to compel the latter to appropriate money to build bridges within 80 rods of the county line. The Ogle county board was granted relief in part by the court, who held with the position the Lee county board took in other instances.

The court held that the expense of building all line bridges between the counties of Lee and Ogle must be borne equally by the counties, but the application of the law to all bridges that lie within 80 rods of the line was optional and that it must be by mutual agreement of counties interested if the expense of construction was to be borne by two counties.

After rendering his decision in the above case Judge Heard adjourned court for the term. The September term of court will open on September 20th.

Other Work Taken Up.

A large number of orders were entered in other cases Monday afternoon. The case of Katherine Godfrey et al vs. John Byington was on motion of the plaintiff reinstated, cause having been shown. This is a case in which the plaintiff asks for rent for land along the river where a boat-house of the defendant stands. In the case of Katherine Godfrey et al vs. Illinois Northern Utilities Co. and the Reynolds Wire Co., an order entered Nov. 21, 1914, was vacated and on motion of the plaintiff cause was referred to master in chancery to take proofs and report findings.

In the damage suit of Henry Knetsch vs. Robert Wells, from the east end of the county, on motion of the defendant time to plead was extended to the first day of the September term of court. This is a case in which the plaintiff asks damages for alleged defamation of character.

The master in chancery's report as to distribution in the case of George March et al vs. Edgar S. Miller et al as well as the case Winfield Bates et al vs. Eliza Andrew et al was received. In the divorce proceedings of Mary Fien vs. Louis Fien, for which a decree was granted recently, an order of attachment for costs in the case was issued. In the case of Kathryn A. Purcell et al vs. Charles E. Lloyd et al, on motion of complainant leave was given to file a supplemental bill. The report of the commissioner was approved and decree for sale entered.

DeKalb Elks Entertained By Dixon Lodge Monday Night

The special meeting of Dixon lodge No. 779, B. P. O. E. Monday evening was one of noteworthy interest in that about seventy members of the DeKalb lodge, No. 765, came to this city in automobiles to visit the Dixon organization and to get acquainted with its members. Two candidates were given the initiatory work, following which several short addresses were made.

Among those who spoke were Exalted Ruler Moorehead, Attorney Prentiss, Messrs. Fox and Wiswell, J. W. Corkings and Secretary J. C. Killian of the DeKalb lodge; W. W. Web-

Three Fires On U. S. Battleship Arouse Officers

Oklahoma, Ready For Trial Trip
Object of Mysterious
Blazes

(Associated Press)

Camden, N. J., July 20.—Three mysterious fires aboard the battleship Oklahoma last night in the New York Shipbuilding Co. yards here, are being investigated. The damage to the ship will not be known until the compartments flooded by the firemen are emptied. The Oklahoma cost \$7,000,000 including armament and guns, and was about ready for her trial trip.

The newest of the dreadnaughts of the United States navy caught fire a few minutes after the workmen had left her decks as she lay at the yards of the New York Ship Building company in Camden. The fire which was discovered shortly after 6 o'clock was declared extinguished at 9 o'clock, after four companies of the Camden fire department had pumped the compartment under turret No. 1 full of water.

Fifteen minutes after the companies had left the scene they were recalled to put out a second fire which was declared out forty-five minutes later.

A third fire broke out on the Oklahoma at 11:30 o'clock and the fire companies were again recalled to the scene. The third fire broke out in turret No. 2 on the other end of the battle ship.

Coming just before the great battle ship was about to take her trial trip, the blaze started many rumors. A report that an explosion had preceded the fire could not be verified.

At the plant there were those who did not hesitate to say the fire was of incendiary origin. It was pointed out that the company employed many men whose nationality make them enemies to the policy of the United States and who might take revenge upon the makers of the dreadnaughts.

Navy officials do not believe there is anything to indicate incendiarism aboard the Oklahoma.

CITY OFFICIALS IN VISIT AT THE CAMP

MAYOR SCHMIDT AND COMMISSIONERS CALLED ON OFFICERS OF SECOND.

Monday afternoon Mayor Henry Schmidt and the city commissioners, together with Major Tourtellott and Captain Angle made a visit to the headquarters at Camp Dunne of Col. Garrity of the Second regiment. They were cordially received by the colonel and Lieutenant Colonel Miller, and during their stay Mayor Schmidt on behalf of the citizens of the city asked if it would be convenient for the regimental band to give a concert in the city some night during their week's stay here. After consultation with the bandmaster it was arranged to give a concert at the court house square on Thursday evening. The band numbers twenty-eight pieces and has the reputation of being a fine musical organization. Edward Smith of this city was the leader of the band during the Spanish-American war.

A social session followed, during which a male quartet composed of Messrs. Sorenson, Wagner, Alvin and Herbert Carlson of the DeKalb lodge sang several numbers, while Messrs. George Evans, Elmer Rice and I. B. Hoefler of the Dixon lodge sang solos in which the minstrel chorus joined in.

The affair was indeed a happy one and has inculcated the Dixon members with a determination to visit a number of the lodges of this vicinity.

THAW FIGURED IN UNUSUAL DEMONSTRATION WHEN JURY DECLARED THAT HE WAS SANE

THAW (indicated by arrow) LEAVING COURT AFTER JURY DECLARED HIM SANE

Photo by American Press Association.

After a jury in New York city had found Harry K. Thaw, who killed Stanford White in 1906, sane, Thaw caused a remarkable demonstration by a crowd of 2,000 men and women who had collected in the corridors of the courthouse, on the long flight of stone steps at the Chambers street entrance, and in Chambers street. There was much handclapping and sustained cheering as Thaw was led down the steps and across the street to the offices of Sheriff Griffenhagen in the Emigrant Industrial Savings Bank building. In the great crush some of the women were heard to cry out hysterically. Several of the men tossed their hats in the air and saw them trampled and crushed. Thaw took this demonstration quietly. He bowed once or twice and smiled as he faced a battery of moving picture machines and other cameras. A dozen deputies, headed by Sheriff Griffenhagen, tore a hole in the crowd and pushed him through. There was a last ringing cheer followed by shouts of good will and congratulations as Thaw disappeared into the bank building. At least 500 remained for half an hour in the street in the hope of getting a better glimpse of Thaw when he was taken away. It required police reserves to keep order.

COUNCIL APPROVES CONCRETE PAVEMENT

CONCURS IN A SCHEME FOR IMPROVEMENTS ON RIVER AND FRANKLIN ROADS.

CAN NOT MOVE FRAME BUILDING

The city council adopted the ordinance recommended by the Board of Local Improvements for the construction of sanitary sewers and concrete roadways on both East River street and the Franklin road at the regular meeting this morning. It is hoped to be ready to receive bids on the work within a few weeks so it may be done this fall.

Commissioner VanBibber, to whom had been referred the matter of moving the frame building on Galena avenue occupied by the Cummins tailor shop to the Rubenstein lot on River street, made his report and stated that it could not be done without violating a city ordinance and also that he had taken the matter up with Deputy State Fire Inspector Harper, and found that the insurance rates on adjoining property would likely be increased.

Attorney W. G. Kent appeared before the council on behalf of Jesse Carson, recently assessed a fine on a charge of speeding with his auto, and asked that the young man be reimbursed for the amount of the fine, as he was not the guilty party. According to the statement Mr. Carson had driven to the city and had left his automobile in one of the local garages and during his absence the machine had been let out to another party, who exceeded the speed limit. The matter was referred to the legal department for investigation.

Engineer Badly Burned When Gas Exploded In Face

Webb Gaylor, Alone at Water
Works Victim of Accident
In Night

Webb Gaylor, day engineer at the Dixon Water Works, who has been doing night duty for the past two weeks on account of shortage in help, was seriously injured during Monday night when a gas explosion in the lower part of the furnaces blew flames about his head and arms and burned him quite seriously.

Mr. Gaylor has not opened the furnaces for a considerable length of time, and when he did stop over to open one of the lower doors, the gas that had accumulated was ignited and with a loud report, blew open both the front and back doors to the furnace. The flames enveloped the engineer's head and bare arms. He was alone and for about a half hour he was sightless and helpless. He finally rallied enough strength to rise to his feet and rouse his wife, who was asleep in their home directly south of the engine house. A physician was called by her and the injured man was cared for. Today he is suffering considerable pain and is swathed in bandages. He can see but his eyesight is not yet normal. Mr. Gaylor will be incapacitated for a considerable time but his recovery is assured. It is believed he swallowed only a small amount of the flames.

FINED FOR SPEEDING ON COUNTRY ROAD

ROY EMMETT OF STERLING WAS
TRIED IN JUSTICE HANNEKEN'S COURT.

This morning before Justice A. H. Hanneken a hearing was held in the case of Roy Emmett of Sterling, arrested on complaint of E. H. Wooster on the charge of exceeding the speed limit in driving his machine on the public highway. The offense was alleged to have occurred Sunday evening on the Palmyra road and the complainant charged that he was forced to run his car into a ditch at the side of the road to keep from being struck by the machine of Emmett. A number of witnesses testified. After hearing the testimony Justice Hanneken fined the defendant \$10 and costs.

SECTION MAN HURT MONDAY

Greek Laborer Run Over By Section Car Which He Was Pushing.

A Greek laboring man whose name could not be learned was injured late Monday afternoon on the I. C. grade north of Dixon when a rubble car, laden with ties, which he was helping push, ran over him. His back was wrenched and he sustained several painful bruises. He was taken to the Freeport hospital for treatment. The accident happened where a force of men are making improvements to the tracks.

Mrs. Kenneth F. Burgess is expected this evening from LaGrange to visit her parents, Mr. and Mrs. C. A. Todd.

Cabinet Discusses New Note To Germany At Session Today

(Associated Press)
Washington, July 20.—President Wilson laid before the cabinet at its first meeting for a month today, the outline of the new note to Germany, in response to Berlin's last answer to the American notes on the sinking of the Lusitania and submarine warfare.

Generally speaking, the administration is for taking a firm stand. It is understood that the character of the note has not yet been finally determined. There are no manifestations of tension, and confidence prevails that in the absence of any new violation of American rights the situation would not become immediately dangerous. It is not certain that any reference to the Orduna case will be made.

GREAT BAND WILL PLAY CONCERT ON COURT HOUSE LAWN

SECOND REGIMENT'S ORGANIZATION TO GIVE POPULAR PROGRAM THURSDAY EVE.

OFFICERS LIKE CAMP DUNNE SITE

Colonel Garrity Expresses Hope That It Can Be Made a Permanent Camp.

The concert by the band of the Second Infantry I. N. G., which will be given Thursday evening, and which was arranged for Monday afternoon by Mayor Henry Schmidt when he called at the camp with other city officials to welcome the new regiment, will be given at the court house square.

It was decided Monday evening that the band could be conveniently seated on the walk at the south entrance to the court house, and this arrangement would permit of a great open space of plenty of street room for listeners.

Is Great Band.

The Second Regiment band is acknowledged to be one of the best in the country. It is composed of musicians who have had a great deal of experience and it ranks with the best of the musical organizations of the country.

Therefore the people of Dixon and vicinity may be assured of a real treat when this band appears on Thursday evening. The conductor has promised a program that will be varied and of a nature to please all.

Officers Like Site.

August W. Miller, lieutenant colonel of the Second regiment, was called to Chicago this morning to attend a meeting of the Board of Local Improvements, of which he is a member. A public hearing is to be held on a big improvement proposition.

Mr. Miller has always taken an active part in politics and is the republican committeeman from the 12th ward. About 25 years ago he was a commercial salesman and Dixon was included in his territory. This is his first trip back to Dixon for a number of years and in conversation at headquarters at camp Monday afternoon he spoke of the rapid advancement of the city and added that it was one of the best towns in the northern part of the state and that he was always glad to get here. Both he and Colonel J. J. Garrity were much pleased with the camp site and hoped that it might be made the permanent camping place of the northern Illinois regiments. Brigadier General "Jack" Foster went there one better and said he would like to see the state set apart the ground between the railroad track and the river for a camp and to have the entire brigade here at one time. From a sanitary standpoint it is ideal and the water supply is the best. The only drawback is the poor roads to the grounds and with the camp permanent this could soon be overcome.

O'Hara Here Friday.

Friday of this week will be Governor's day at Camp Dunne, at which time Lieutenant Governor O'Hara will here to review the regiment.

To Have Pretty Hair

If your hair is not soft and pretty, give it daily attention, just as you would a plant to make it grow healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, stimulate the hair roots and bring out the new hairs. It is too dry and brittle, soften it up—lubricate it. To get rid of all dandruff, simply freshen up the scalp.

An inexpensive tonic, called Parisian sold at all drug counters or by Rowland Bros., softens the scalp nourishes and invigorates the hair roots, immediately removes all dandruff and makes the hair fluffy, lustrous and abundant. One application will stop itching head and cleanse your hair of dust and excess oil. Parisian Sage makes the hair seem twice as abundant and beautifies it until it is soft and lustrous, and pretty hair will surely increase charm and beauty.

Parish Picnic a Success

The picnic of St. Luke's parish held Monday evening at Assembly park was a decided success. One hundred twenty members of the parish and of St. Luke's Sunday school were present and enjoyed a delightful afternoon and a large number of the business men came out to the park and aided in disposing of the goods things, the usual large list of picnic goodies supplemented by desert of cream and cake. Much credit is due the committee chosen from the two guilds, St. Ann's and St. Agnes, for the well planned and executed picnic. The members on the committee were: Mrs. M. L. Dysart, Mrs. John Crabtree, Miss Rosbrook, Mrs. Wheeler, and Mrs. Clevidence. Rev. and Mrs. C. A. Holbrook of Aurora were guests of Rev. and Mrs. F. C. Grant at the picnic.

BRITAIN STRONGEST IN FINANCE.

Henry Clews, in his weekly financial letter, says this week that if the war narrows down to a contest of finances, which many think it will, that England will win. Here is part of his letter:

The world is becoming accustomed to great events and correspondingly great transactions in financial affairs. The largest financial operation in history has just been completed, and its effect upon the market, the only free market of importance for the time being, proved quite inconsequential. The successful placing of the \$3,000,000,000 4½% British loan will go down into history as the most remarkable financial achievement on record. The previous loan was \$1,750,000,000, making a total of \$4,750,000,000 since the war began. During the same period Germany has issued loans amounting to \$3,500,000,000. The total amount of loans issued by all the Allies is estimated at \$10,000,000,000, while the total issued by all belligerents is placed at \$16,000,000,000. These figures are almost beyond human comprehension. Considering size and circumstances, the British loan was subscribed with remarkable promptness, much more promptly than has been the experience of other nations.

While the terms were attractive, the net results show that in the neutral markets British credit is on a 4½% basis, compared with Germany's credit on a 6% basis. As to how long the belligerents can stand such a terrific financial strain, no safe predictions can be made. Rumors of German weakness are current, but the facts are difficult to obtain. So far as British credit is concerned, it has suffered least impairment. Great Britain is not only financing her own war, but also to a large extent that of her Allies. Her resources are enormous, and up to date have proved quite equal to the stupendous strain. On account of her position in the world's affairs, Britain's financial abilities are of supreme interest. No suitable comparison is possible, except that of the Napoleonic wars a century ago. Since then Great Britain's population has trebled, while her wealth has increased ten fold, and it is estimated this war will cost about 5 per cent of her total wealth compared with nearly one-third during the Napoleonic war. Great Britain has enormous investments abroad, estimated at \$20,000,000,000, which provide her with a handsome revenue. To this must be added the profits upon foreign commerce, the largest in the world; upon her shipping, representing nearly one-half the world's tonnage; and upon her domestic industries, all of which are highly developed. If it be true, as Lloyd George predicted, that success in this war would ultimately depend upon financial resources, the outlook for Germany is anything but encouraging.

THE NEW BRIDGE QUESTION.

The west end property owners want a new bridge built west of the present one and the east end property owners say there is no need for a new bridge. The east enders probably would not admit that there was need for a new bridge if there was a waiting line of people trying to get on the old one and the west end property owners would probably say that a new bridge was needed if the old bridge was four times as big. Not because the west end property owners are spiteful or envious nor because the east end property owners are selfish or a particularly bad sort but just because business makes all men cautious and causes various emotions that would not otherwise arise in their otherwise quite unselfish minds.

The argument is between the business men of the city and is so complicated that a neutral party, such as the Telegraph, may have trouble deciding which side to support, but at all events the business men must not forget that it is not themselves, but the people who have to pay the freight and the people are the ones who will decide.

There is one phase of the argument which is beyond any doubt, and that is that the present bridge is hard to travel over with a buggy or an automobile.

EYE INJURIES FROM ALKALIES.

The daily papers and magazines of the past two years, at home and abroad, have contained numerous instances of more or less serious injuries to the eyes from the explosion of central rubber bags of some sort of golf balls, filled with strong solutions of alkalies. Popular attention being in this way drawn to the dangers from alkalies in golf balls, it is well worth recalling the possibility of injuries to the eyes from other forms of alkalies.

A boy was whitewashing his father's fence when another boy came along and they began to talk together as boys will talk; from talk it was not far to gulling and sport, then came pulling and hauling. In the final struggle for the control of the brush, the friendly boy slapped the working boy's face with the brush, in so abundant a fashion that the lime in the whitewash entered one of the eyes and injured it for life, leaving a scar which neither medicine, operation nor treatment can get rid of.

Another injury recently reported is one not so likely to happen to any boy. A boy was so anxious to have his face clean and presentable at dinner that he made a thick lather and then so completely enveloped his neck, head and face that some entered the eyes, burning the eyeballs so that the boy was barely able to see at all. This boy is injured for life owing to his own thoughtlessness. If he or his parents had attended any public health lectures on the care of the eyes, they would have understood the risks of using strong alkalies near the eyes in any fashion.

LURING THE GERMANS.

Field Marshal von Hindenberg is directing a vast enveloping movement against the Russian millions in the eastern theatre of war, and the German general is giving the czar something to think about. The Russians claim they are drawing the Germans into the far interior of the country, where they may slaughter them at leisure, which excuse is not being taken very seriously, we fear, by the world at large. The Russians may be luring the Germans into the interior, but the luring is not the shrewd, smooth, careful process the word implies—the Russians are being driven back and shot

Saxon Means Strength Stamina and Service

NEARLY two thousand years ago the Saxons invaded Britain and three hundred years ago came to America, bringing the force of law and reason. Ever since that time Saxon influence has been felt around the globe. From rule of might the Saxon passed to rule of right, shaping the character that has given bone and sinew to a dominant race.

Wherever exerted, Saxon spirit has stood upright and unafraid. Throughout the whole history of the human race, Saxon spells Strength, Stamina and Service. This is its label in History.

To the Automobile likewise, has come a Saxon hallmark that means Strength and Service, for the Saxon car realizes the rich heritage of its name.

It invaded the motor field, bringing power and endurance and establishing a new standard of simplicity and equality.

Just as many creeds and peoples rally under the Saxon flag from pole to tropics, so today do all classes find a community of use, pleasure and profit in the Saxon output.

The Saxon is the leveler of all rank; it serves everybody; it is a democratic car.

Thus the name Saxon—whether in Industry or in Life—is true to its tradition of Strength, Stamina and Service.

CHICAGO PAPER WARNS PEOPLE TO LOOK OUT FOR BOLD BAD THIEF.

When Major Barber of the First Brigade, I. N. G., heard that Major Tourtellott, with whom he served during the Spanish-American war, had been appointed chief of police of Dixon, he promptly told Maj. Tourtellott that he was going to have some fun with him. The following from Monday evening's Chicago American is probably the fulfillment of that threat:

Chicagoans, beware! There's a regular "rascal" headed for this community. If you see a man with a lot of dollar watches in his pocket, watch him.

He has a "gambler's face." Can't miss him now, can you?

Chief of Detectives P. D. O'Brien was asleep this morning at 5 o'clock when the telephone bell aroused him. "Chief of Police of Dixon, Ill.," said the voice at the other end of the wire. "There's a darned rascal headed for Chicago and I want you to watch him."

"What's he done?" asked Chief O'Brien.

"There was a drug store robbed here and a lot of dollar watches were stolen. This fellow's been actin' suspicious since then. Seemed to have too much time on his hands."

"What's he look like?" asked the detective chief.

"You just can't miss him," came the enthusiastic reply. "He's got a regular gambler's face."

The only train from Dixon last night took on no passengers there the detective learned.

EVIDENCE OF HOUSE BREAKING

Screen Removed From Window At Coe Home on Lincolnway.

Evidence that robbers had attempted to break into the home of F. M. ROCK RIVER ASSEMBLY TALK. FORECASTS OF COMING EVENTS

The Boston Symphony Sextette, one of the big attractions at chautauquas, will appear at the Rock River Assembly on August 12 and 13, and it is certain that this splendid musical organization will attract hundreds of people to Dixon.

Every member of the Sextette is an accomplished musician and qualified to lead any musical organization. To bring such a body of eminent artists from the world's greatest orchestras is a real accomplishment. Ordinary players may be easily gotten but leaders in the musical world are not.

The Boston Symphony Orchestra plays in but a few of the large cities, and it is considered a rare treat to be permitted to hear but a few members of this excellent orchestra in cities of the size of Dixon. The Sextette will appear in but two or three chautauquas of Illinois.

PRINCESS THEATRE.

Tonight the Princess theatre will show a two reel Reliance feature entitled "Little Maria," with Chas. West and Signe Auen in the leading roles, an intense drama revealing the impulsive Italian temperament. The other pictures are a Thanhouser drama entitled "Tracked Through the Snow," a drama in which little Helen Badgley plays the lead aided by a big shaggy dog; Boyd Marshall and John Lemberg are also in the cast. The last reel is a Reliance comedy entitled "The Healers," with Billie West and the Juvenile cast in an amusing story of two young fakirs.

OPERA HOUSE.

The bill opens with Elliott, a character impersonator. This party is very clever and pleasing in this class of entertainment.

Kendall & Travers, two clever people, give a sketch of talking and singing that is novel in every detail.

Bonner & Swartwood do an acrobatic act that is also new and decided different from the usual run. This act is certainly a feature.

Pictures.

Episode Twelve of "The Diamond From the Sky" will be shown this evening. There are many thrills shown in this episode that should not be missed by "Diamond Fans." The title of this portion of the series is "To the Highest Bidder."

"His Under Ward," a two reel comedy drama of youth will be the other picture.

FAMILY THEATRE.

Tuesday night is known at the Family as Charlie Chaplin night and on this evening that inimitable comedian will appear in "The Fatal Mallet." A beautiful military spectacle in three parts entitled "A Romance of the Navy," will be shown and a Kalem subject called "The Pollywood's Picnic." On Wednesday night the fifth chapter in two parts of "The Goddess" will be shown. This story is different from all serials presented here or elsewhere in that each chapter is a complete story and one does not lose interest in the story if he has missed a chapter or two. A two reel subject, "The Awakening" and a comedy "The Box Car Trap in the Hazards of Helen" will be shown. Anita Stewart and Earle Williams will appear in both The Goddess and The Awakening.

PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from distention and colicky pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

WHY FAMOUS PASTRY COOKS USE KC BAKING POWDER

The patrons of our first class hotels and restaurants are exacting—they demand the best. Women go where the pastry and cakes are noted for their excellence. Men are attracted by hot bread and biscuits—when fresh and moist and light.

The pastry cook with a reputation uses K C Baking Powder because he knows that results are certain; every time everything is as good as his best.

Then, too, with K C Baking Powder he can mix the various kinds of batter before the rush of the meal begins and bake as needed so that every order goes to the table fresh and hot, yet the last he bakes are just as good as the first.

The reasons behind these reasons is that K C is really a blend of two baking powders. One commences to give off leavening gas as soon as moistened. The other requires both moisture and heat to make it active. Dough or batter will remain in a partially leavened condition for hours, and when put in the oven, will come up as light as if mixed a moment before.

For cookies, pancakes, doughnuts and the like, which cannot all be baked at once, K C is indispensable. For all baking the double raise makes doubly certain.

Follow the example of the professional cook and your baking will be equal to his.

WHAT NEIGHBORS SAY.

Dixon, Ill.—"I have known about Dr. Pierce's remedies for many years. The 'Golden Medical Discovery' has been in our home as a family remedy for four years. We have used it as a tonic when we felt that we needed building up, and found it the best medicine of its kind."—Mrs. MARY PARKINS, 7th and College, Dixon, Ill.

Freeport, Ill.—"We tried Dr. Pierce's Medical Discovery when my husband complained of his stomach and kidneys. He took six bottles, one after another, and he seemed to be cured, as he complained no more."

"Dr. Pierce's Cough Syrup has also been used in my home and we were well satisfied with it."—Mrs. C. S. BROWN, 8 Harris St., Freeport, Ill.

A new man of a new woman can be made out of one that's "used-up," bilious and dyspeptic. It's done by Dr. Pierce's Golden Medical Discovery. It starts the torpid liver into healthful action, purifies and enriches the blood, cleanses, repairs and strengthens the system, and restores health and vigor. As an appetizing, restorative tonic, it sets at work all the processes of digestion and nutrition, and builds up flesh and strength. It contains no alcohol or narcotics.

It is the world's greatest blood purifier and tonic. It's not a secret remedy for its ingredients are printed on the wrapper. Start to take it today and before another day has passed, the impurities of the blood will begin to leave.

BIG TIM SULLIVAN IN BECKER CASE

Convicted Policeman Lays Troubles to Dead Boss.

LATTER FEARED ROSENTHAL

Threatened "Squeal" by Slain Gambler Caused Former Congressman, Becker Charges, to Hire Jack Rose—Drunken Gun Man Made Kidnaping Plot Murder Conspiracy.

New York, July 20.—An outline and extracts from Charles Becker's story of the murder of Herman Rosenthal has become public.

It is an amazing allegation of an attempt on the part of former Congressman Big Tim Sullivan to prevent the murdered gambler from making threatened graft revelations to District Attorney Whitman into which the name of Big Tim would have been brought.

Big Tim Gave \$6,000. To prevent Rosenthal from making his "squeal" to District Attorney Whitman, Big Tim gave \$6,000 to Jack Rose, according to Becker's statement. Rose was to use this money to induce Rosenthal to leave the country until the turmoil stirred by preliminary statements to Whitman had settled. Then Rose, through his own cupidity, decided to use the money differently than Big Tim had directed, Becker says. He arranged with the four gun men to kidnap Rosenthal, expecting to frighten him out of making his graft and gambling revelations to Whitman or else keep him a prisoner in some secluded spot in the country. Rose, says Becker, paid the four gun men \$1,000 and stuck the \$5,000 balance of Big Tim's bribe offer into his own pocket.

Murder Was Not Planned. Rosenthal's murder was not planned, according to Becker, and the intention was to blackmail him and carry him off in an automobile. But Vallon got drunk that night and when Rosenthal stepped out of the Hotel Metropole, Vallon fired and the gun men followed suit.

Becker's whole story hinges upon an alleged meeting between him, Big Tim Sullivan, Harry M. Applebaum, for years Big Tim's secretary, Jack Rose and a man whose identity is not disclosed. The meeting is alleged to have taken place at the Columbia theater late in the evening of Sunday, July 14. Rosenthal was killed at 1:57 a. m. Tuesday, July 16.

Big Tim Sullivan is dead and cannot deny the story. Jack Rose is alive and denies it. Harry M. Applebaum denies the story entirely. He says that Big Tim had no interest in gambling at all, and he does not believe Becker authorized the statement given out.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years

MICHIGAN MAN HELD BY KAISER 6 MONTHS

Charges Germans Wanted His Technical Skill.

London, July 20.—Charles B. Pray of Flint, Mich., reached here from Germany, where he says he had been held in a concentration camp since October. He has filed an affidavit with Robert P. Skinner, the American consul general, to this effect and the statement has been forwarded by Mr. Skinner to Washington.

Pray says that he was in Germany installing self starters in automobiles when the war began, and that he was seized and held as an Englishman in spite of the fact that he carried an American passport and had a birth certificate. He was sent to the concentration camp at Meufeldt and while there made unsuccessful attempts to communicate with the American consulate. Later he was transferred to Wurtemberg, where he declined to work on military automobiles and was forced to perform hard manual labor.

BOY WALKING TRACK KILLED

Father Detained by Police Owing to Past Actions.

Muncie, Ind., July 20.—Oscar Roscoe Cox of Elwood, age seventeen, was instantly killed and his body badly mangled by Big Four freight train No. 84, east bound, four miles west of Muncie, this morning. The boy and his father, William Cox, were walking along the track when the accident happened.

Because a story to the effect that the father was anxious to have the boy returned to the state home for tubercular persons in Rockville, from which he had been discharged only four months ago, and because of rumors that the father and son did not get along well together, the police are detaining the elder Cox.

DETROIT BOMB PLOT CENTER

British Government Protests Activities of German in Michigan.

Washington, July 20.—The British government informed the state department it has evidence that a wealthy German resident of Detroit, Mich., has supplied money to certain persons in Windsor, Ontario, which was used to dynamite property of the Canadian government.

The British government has inquired if the department would not regard the case if fully substantiated, as a case of military activity, constituting a breach of neutrality.

TAKEN AS AXMAN; DENIES IT

Casimir Arizewski Declares He Fled Only Because Suspected.

Buffalo, N. Y., July 20.—Casimir Arizewski, twenty-six years old, in custody of the police here, admitted that he was the man for whom the police of the country have been looking in connection with the murder of four persons with an ax at Blue Island, Ill., July 5, 1914.

In a statement he denied having committed the murders and said that he fled when he learned he was suspected, hoping that the real murderer would be captured in the meantime.

SUMMING UP THE EVIDENCE

MANY DIXON PEOPLE HAVE BEEN CALLED AS WITNESSES.

Week after week has been published the testimony of Dixon people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere, 30,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful convincing proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Dixon case. W. H. Gillespie, 711 Nachusa ave., Dixon, says: My back often gets so lame and sore that it is painful for me to stoop over. I have headaches and dizzy spells; whenever any of these attacks come on, I use Doan's Kidney Pills, and they promptly remove the pain in my back and relieve the headaches and dizzy spells."

SON OF KEELEY HEAD IS SHOT BY GAMBLER

Mystery Surrounding Attack on J. R. Oughton Jr. Cleared.

Chicago, July 20.—Mystery surrounding the shooting of John Richard Oughton Jr., university graduate and son of the head of the Keeley cure at Dwight, Ill., was cleared by the police to have been cleared up.

They gave out a statement to the effect that Oughton was shot while acting as peacemaker during a quarrel between gamblers in the Westminster club, 1232 North Clark street.

Telegrams were sent to Oregon calling for the arrest of "Lem" Nott, who is said to have fired the shot. Search also was made for John Donahue, alleged head of the club. Doctors at Heurtoin Memorial hospital told the police they believed the victim would recover.

Oughton was questioned by detectives, but refused to make any statement.

Cocaine Supply Gone, Joliet Man Ends Life.

Joliet, Ill., July 20.—A small blue bottle, half filled with cocaine, a soft gray hat and a "farewell" note were found by pedestrians on the Cass street bridge of the Des Plaines river here. The note read:

"This is the last of my cocaine supply. There is no use of my living. Here goes my body, floating down the canal to the other world. Tell my relatives in Chicago.—John Syntica."

BRITISH STRIKE'S END SEEMS NEAR

Lloyd-George Has Gone to Car-
diff on Special Mission.

GOVERNMENT MAY RUN MINES

Workmen Said to Be Anxious to Save
Faces in Position They Have Got-
ten Into—Dislike Opprobrium of
Being Called Unpatriotic—Reming-
ton Strike Is On.

London, July 20.—David Lloyd
George, minister of munitions, went
to Cardiff last night, there to meet
the miners and the employers in an
endeavor to make peace between
them and assure an early settlement
of the strike which is daily becom-
ing more menacing to the welfare of
the country.

It is understood, meanwhile, that
new proposals for a settlement have
been made and that they will prob-
ably prove acceptable to both sides.
The nature of these proposals is not
yet known, but it has been learned
that the cabinet forwarded a commu-
nication to the executive committee
of the miners at Cardiff.

The plan for settlement is supposed
to embody a temporary concession of
the demands of the miners, a conces-
sion which, however, would not en-
tail any obligation upon them when
the general demands are taken be-
fore the munitions tribunal for ad-
justment.

Want Government to Take Mines.

There is a strong effort being made
among one element of the miners to
persuade the government to take over
the mines during the period of the
war. Such an arrangement they say
would permit them to continue work
without any loss of prestige in their
own eyes. It does seem pretty cer-
tain that a majority of the men would
rather return to work under circum-
stances embarrassing to them than to
further hamper the government. They
have bitterly regarded the charges
that their strike at such a time re-
veals a sad want of patriotism.

RUSH APPROPRIATION SUITS

Munro Announces He Will Be Ready
for Hearing Within Ten Days.

Springfield, Ill., July 20.—After a
conference with A. R. Roy, assistant
attorney general, Fayette S. Munroe
announced that he would be ready
within ten days for a hearing of the
appropriation suits filed in the San-
gamon County Circuit court. Both
Munroe and Roy said they had agreed
to file a stipulation in Judge James
A. Creighton's court asking for a
hearing during the June term of court,
which is still in session.

As scores of state employees are
working without any assurance of re-
muneration, state officials have ex-
pressed themselves as more than an-
xious to have Judge Creighton act on
the suits as early as possible.

Assistant Cashier Gives Self Up—
\$30,000 Defalcation Uncovered.

Chicago, July 20.—Max Palenske,
assistant cashier of the Drovers Na-
tional bank, 4201 South Halsted
street, has surrendered to the federal
authorities who were searching for
him. Palenske did not give himself
up until after he had been to the bank
and had confessed, according to Owen
T. Reeves, president, his shortage of
\$30,000, and had aided the bank offi-
cials in checking up his accounts.

The information in the federal
building, in spite of statements to
the contrary, is that the alleged mis-
application was \$30,000.

ITALY ADMITS LOSS OF SHIP

Cruiser Guiseppi Garibaldi Is Torpe-
doed and Sunk.

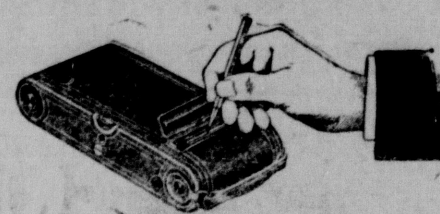

Rome, July 20.—The war office ad-
mits the loss of the Guiseppi Gar-
ibaldi in the following statement:
"While an Italian squadron was op-
erating against the Dalmatian coast the
cruiser Guiseppi Garibaldi was tor-
pedoed and sunk."

The Guiseppi Garibaldi was an ar-
mored cruiser of 7,234 tons displace-
ment. She was 344 feet long and was
laid down in 1898. Her complement
was 550 men. She was armed with
one 1-inch, two 8-inch, fourteen 6-inch
and ten 3-inch guns.
